NEW ECONOMIC DEVELOPMENT PLANNER

I wanted to take a moment to introduce myself. My name is Kathy Schlieve and I am excited to join the City of Waupun staff as the new Economic Development Planner for our community. Some of you may recognize me as a member of the Waupun Area School District Board of Education and through my affiliations with REACH Waupun, a non-profit focused on community development. I am a Waupun native and hold degrees from both Milwaukee Area Technical College and Marian University. I have been married to Chuck Schlieve for 28 years and we have one daughter, Samantha, who is in her junior year at Waupun High School. Early in my career, I worked for Grande Cheese

Company as a senior business manager focused on brand development. Prior to joining the City, I was employed by Moraine Park Technical College in economic and workforce development. In my free time, you will find me watching Warrior athletics, in my kitchen cooking, outdoors exploring our great walking trails with my dog, or volunteering and serving in the community. Many of you may be wondering what an Economic Development Planner does. I'll be submitting brief articles periodically to talk about the work that is happening here, but for today I'll leave you with this thought: economic development is focused on improving the local economy through a combination of

activities that generate wealth and promote opportunity for the citizens who live here. It's a collective process and I value your input. If you have ideas for new development, are interested in starting a business or have thoughts about ways to enhance the community, I'd love to hear from you. My office is located in the City Hall. Feel free to stop in or call me at 324-7912.

CENTRAL WI CHRISTIAN ACT SCORES REACH RECORD HIGH

The Class of 2015 at Central Wisconsin Christian recorded the highest composite score in school history on the ACT test this past year, according to scores released last month by the College Board.

Nineteen of 22 members of the class (86%) took the exam, utilized by most colleges and universities as a college entrance exam.

The class composite score for 2015 was 26.3, more than four points above the state average of 22.2 and the national average of 21.1.

This year's class also established the highest score benchmarks for Central Wisconsin Christian by scoring a 26.6 in English, 25.3 in Mathematics, and 28.1 in Reading. In Sci-

ence Reasoning, the class of 2015 scored a 24.8, just off the standard set in 2009 of 25.3.

Additional information on ACT scores and the Central Wisconsin Christian School is provided in a press release following the newsletter.
